POWER-LITE®

Certainty at The Speed of Light

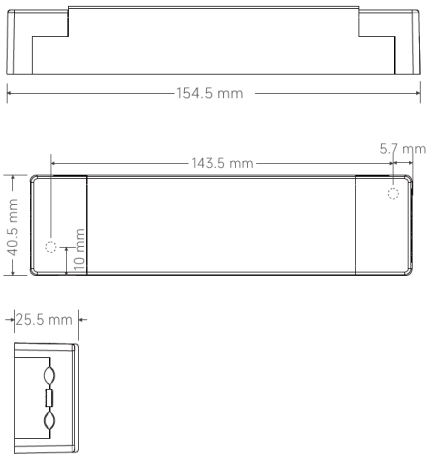
DIMENSIONS



Notes

When installed with Cyanosis CLP 25W Panel only, the driver needs to be set to 650mA

Power
29.4W

Rated Input Voltage
200-250V 50/60Hz

Rated Input Current
≤0.158A

Power Factor
0.9

Output Voltage Range
25-42V DC

Rated Output Current
700mA ± 5%

Open Circuit Voltage (max)
55V DC

Dimming Type
Leading / Trailing Edge
