

Gripple Express

For suspending M&E services,
HVAC and signage

Gripple Express No.1 and No.2

The Gripple Express is a fast locking solution for quick and easy suspension of signage, shopfitting display, HVAC, plumbing, cable containment and lighting.

- Up to 6 times faster to install than traditional methods
- Keyless - no tool required for adjustment
- Ergonomic buttons allow rapid adjustment
- Discreet and aesthetic design
- XP1 load rated at 15 kg with a 5:1 safety factor
- XP2 load rated at 45 kg with a 5:1 safety factor
- Supplied as a ready-to-use kit

A wide range of end fixings

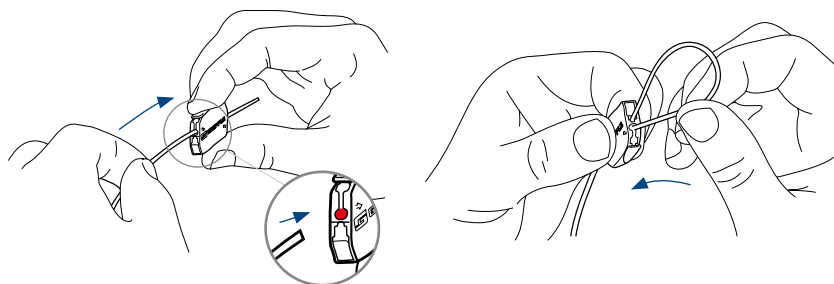

Each ready-to-use kit comes with an end fixing of your choice, ranging from the popular and versatile Loop, to more bespoke fixings designed for specific applications. We aim to provide a solution whatever the substrate as presented in our full range below.

All types can be ordered to the length you require (up to 10 metres or more).

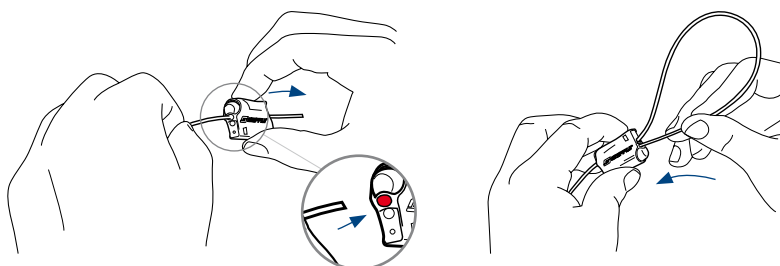

How to install Gripple Express units

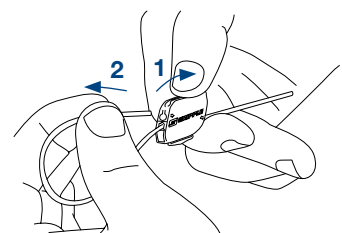

Installation - XP1

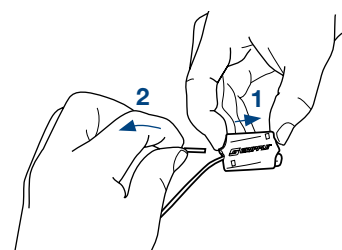

Installation - XP2

Release - XP1

Release - XP2

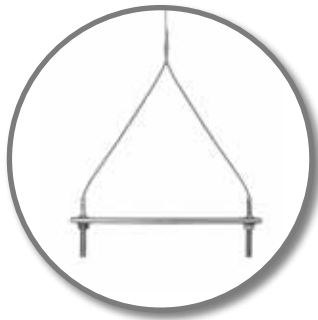

Other available kits

Gripple Express also adds an extra level of adjustment when used alongside some of our more popular hanger systems.

Y-Fit

Complete, adjustable single hanger with double hanging points, improves stability and centre of gravity. Ideal for cable tray or basket, radiant panels, or where access to services is required.

Y-Pipe

Provides a quick and easy way to suspend pipework, without the need for traditional supports and bearers.

C-Clip

An innovative, twist-on device for hanging anywhere along catenary CTI wires. The C-Clip Express can be fitted retrospectively, and offers complete control of both vertical and horizontal positioning.
