

INFRARED MOTION SENSOR—SURFACE MOUNT

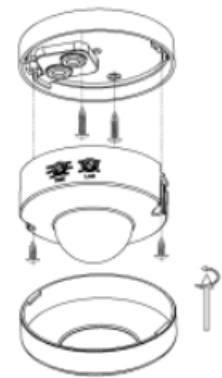

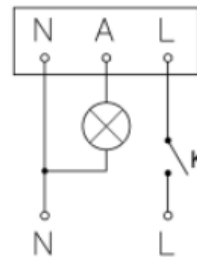

The POWER-LITE® infrared motion sensor is easy to install and function.

Applications:

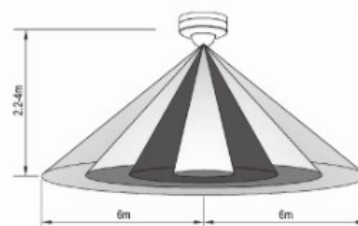

Residential, Commercial and Industrial Lighting Installations.

Specifications

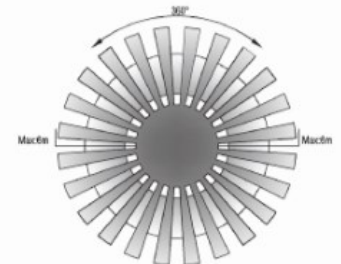

Approvals:	SAA, C-Tick
Voltage:	AC220-240V/AC
Detection Type:	Day / Night / Ambient Light
Lux Control:	<3-2000 Lux (Adjustable)
Detection Range:	360°
Detection Distance:	12m
Hold Time:	Min. 10sec - Max. 15min
Operating Temperature:	-20 to 40°C
Installation Height:	2.2-4m
Mount Type:	Surface Mount
IP Rating:	IP20
Rated Load (Incandescent & LED):	Max. 1200W
Rated Load: (Fluorescent):	Max. 300W
Colour:	White
Wiring:	Can be wired in series.

Wiring: Can be wired in series.

SENSOR INFORMATION:

Height of installation: 2.2-4m

Detection Distance: Max12m
