## **Why POWER-DRI®?**

### **PAPER TOWELS**

- 1 pack of paper towels costs around \$7.
- On average, the time to dry your hands using paper towel takes more than 20 seconds.
- For your standard small to medium facility, there are typically 2 dispensers per washroom (2 washrooms).
- You use 2 packs every week per washroom which means 208 packs a year – costing \$1,456 per year.
- Waste disposal of paper towel \$260 per year (2 bags per week, on average @ \$2.50).

### **POWER-DRI® HD01**

- The total cost of 2 POWER-DRI high speed automatic hand dryers is approximately \$1,090. (pricing is based on recommended retail price).
- Saving for not using paper towels is \$1,716 per year.
- Your total payback period is 5 months.
- It takes between 7-10 seconds to dry hands using POWER-DRI
- You will save \$143 per month thereafter, plus a saving of time of around 50%.

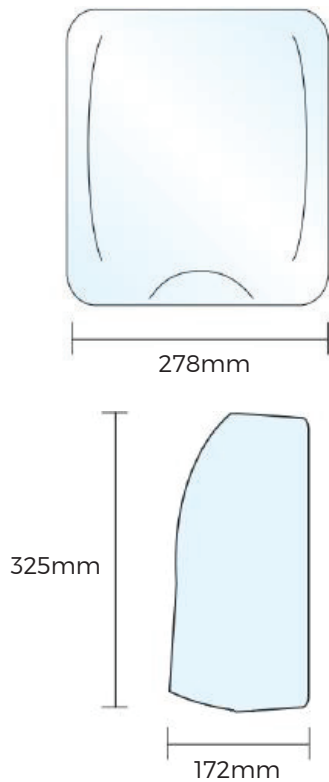

## KEY BENEFITS

- The POWER-DRI® high speed automatic dryer is engineered to address clinical and facility issues and provide a cleaner environment for everyone.
- **SAA/C-tick (RCM) approved with 2 year warranty**  
A unit that will provide a long term hassle-free solution.

- **Colour range/custom indent design**  
Designed to fit in with the décor of your choice. Indent orders available
- **Quick dry time**  
Helps facilities to cope with traffic levels, high demand and prolongs lifespan of washrooms

- **No paper towel required**  
Reduces mess, germs and cost in your facility
- **Long term**  
Robust anti-vandal construction whilst maintaining aesthetics

## SPECIFICATIONS & DIMENSIONS

<b>Model number:</b>	Black (HD-01B), Chrome (HD-01C), White (HD-01W)
<b>IP Rating:</b>	IPX1
<b>Voltage:</b>	AC 220-240V / 50/60Hz
<b>Motor Power:</b>	550W
<b>Rated Power:</b>	1800W
<b>Temperature of Warm Air:</b>	0-40°C
<b>Air Speed:</b>	90m/s
<b>Sensing Distance:</b>	12cm±3cm
<b>Motor Speed:</b>	24000r.p.m
<b>Weight:</b>	4.63kg
<b>Material:</b>	Stainless Steel
<b>Time Protection:</b>	Protection cut off time of 60 seconds
<b>Installation:</b>	Surface mount / fitted with plug
<b>Application:</b>	Indoor (unlimited / suitable for IPX1)
<b>Drying Time:</b>	7-10 seconds / automatic sensing
<b>Decibel Rating:</b>	75 db
<b>QTY/Carton</b>	4

IK Rating

IK08
