POWER-LITE®

Certainty at The Speed of Light

8W LED WIFI INTEGRAL

DOWNLIGHT

ID8W-WF

The POWER-LITE® LED WIFI Integral Downlight saves energy and costs as compared to standard halogen downlights. These come with a built-in WIFI receiver for remote control via Smart Life app. This downlight includes the elimination of UV therefore insects will not be attracted to this light.

IC - 4

E2362

5 YEAR WARRANTY

SAA

Key Features:

- Compatible with **Amazon Alexa & Google Assistant**
- WIFI control, allowing remote control, **no distance limits like Bluetooth**
- Supply power and WIFI then the app does the rest. **This makes it really easy to change over existing downlights**
- No WIFI gateway required. **App connects direct to the light via internet modem**
- Everything controlled **via mobile** but still compatible with a **standard wall switch**
- Family Management from **any device** to **dim and change colour temperature** per room
- **Complete Zonal adjustment** 5 or more at a time, even one downlight at a time
- Master option to turn **everything off at once**
- **Add as many** mobile devices as you like
- You can even set valid time periods for **automation to day or night**
- Dimming the luminaire can only be achieved **via the app**, not by standard wall dimmer
