### LED STADIUM

#### **FLOOD LIGHT**

LED-FL240W

LED-FL360W

LED-FL480W

LED-FL720W

LED-FL960W

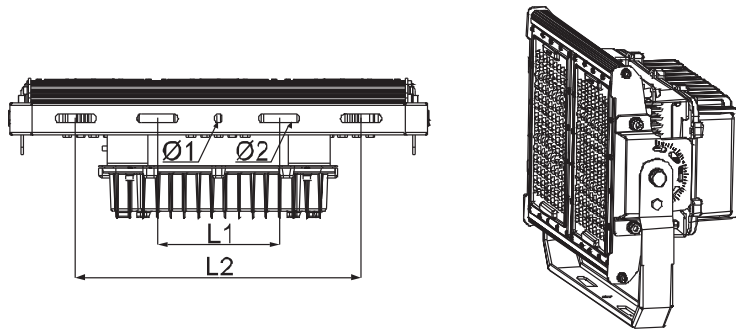

## Warning

### Pre-Installation Considerations:

- Unpack and check the product carefully.
- If there is any damage on new products, please keep the product packaging and timely return to us.
- Please do not attempt to use a damaged product.
- It should be installed by a qualified electrician.
- Non-professional personnel must not disassemble or maintain the lamp, or the manufacturer has the right to refuse any warranty service.
- When in installation and use, the lamp must not face up.

## Installation Dimensions (Unit: mm)

| Product Code | L1    | L2    | L3    | Ø1   | Ø2   |
|--------------|-------|-------|-------|------|------|
| LED-FL240W   | 132.5 | 180.0 | 227.5 | 12.5 | 12.5 |
| LED-FL360W   | 180.0 | 420.0 | -     | 12.5 | 12.5 |
| LED-FL480W   | 180.0 | 420.0 | -     | 12.5 | 12.5 |
| LED-FL720W   | 180.0 | 420.0 | 660.0 | 12.5 | 12.5 |
| LED-FL960W   | 180.0 | 420.0 | 660.0 | 12.5 | 12.5 |

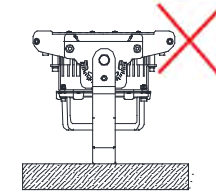

## Installation Instructions

### Vertical Installation Methods:

- Punch in the wall and install the flood lights on the wall.
- With expansion screws mounted, fix LED flood lights with nut locking on the wall as shown in Figure B.
- Adjust the lamp body to the desired angle.
- Finally, connect the blue wire and brown wire to the "N" and "L" respectively, yellow-green wire to the ground wire.
- Confirm correct connection, and switch power on.
- Switch on the power. If light is on, then installation ends.

### Horizontal Installation Methods:

- Open two holes the same size of Figure A at the fixed location and lock the screws.
- Adjust the lamp body to the desired angle.
- Finally, connect the blue wire and brown wire to the mains "N" and "L" respectively & yellow-green wire to the ground wire.
- Confirm correct connection, and power on.

**Caution: Vertical Installation is not permitted**
