## Step 1: Download App

Please download the App Smart Life from the App store, or scan the QR code below

For User Manual, please scan below QR code and refer to the details.

## Step 2: Add WIFI Device

- 2.1 Please make sure the lamp is in a net configuration mode (the lamp flashes quickly)
- 2.2 Please make sure you have WIFI connected before continuing, and open the “Smart Life” on your mobile phone
- 2.3 Select the device to pair with the App as below:
